ONLINE SEMINAR

Rethinking Digital Health: From Technology to Therapeutic Relationships

June 23, 2025 | 5:30 PM – 7:00 PM

→ **Moderator:** Susanna Esposito, Full Professor of Pediatrics, Director of COMT, University of Parma, Principal Investigator DIGICARE Project

→ **Speaker:** Marco Manca, Co-Founder & President, SCImPULSE Foundation, Sittard, The Netherlands

How can digital technologies go beyond efficiency and innovation to truly enhance the therapeutic relationship between patients and healthcare professionals?
In this session, we will explore the human side of digital health, highlighting strategies and tools that foster trust, empathy, and collaboration in care pathways.
