ONLINE SEMINAR

Update on Digital Therapeutics

July 2, 2025 | 5:30 PM – 7:00 PM

- Moderator:** Susanna Esposito, Full Professor of Pediatrics,
→ Director of COMT, University of Parma, Principal Investigator DIGICARE Project
- Speaker:** Joseph Cafazzo, Full Professor at the Institute of Health
→ Policy, Management and Evaluation, University of Toronto, Canada

Digital therapeutics (DTx) represent a new frontier in medicine, offering evidence-based interventions driven by software to prevent, manage, or treat diseases. This session will provide an up-to-date overview of the latest developments in DTx, including regulatory trends, clinical validation, and future directions in integrating digital therapeutics into routine care.
